

FRED HUTCH
CURES START HERE®

OUR CAMPUS

Home to 2,700+ staff
including nearly 220
scientific faculty

Located on 15 acres in
Seattle's vibrant South
Lake Union neighborhood

HISTORY

Founded in 1975 by Dr. Bill Hutchinson in memory of his brother Fred 'Hutch' — a local baseball hero and successful MLB coach.

The Hutch was one of the first institutions of its kind — not only in Seattle, but in the U.S. — dedicated exclusively to finding cures for devastating diseases.

MISSION

The elimination of cancer and other life-threatening diseases through research into three critical areas: **cause, treatment** and **prevention** to end human suffering and premature death.

DISTINCTIONS

3 Nobel Laureates

40+ Years of Research

70+ Countries Conducting
Research In

250+ Clinical Trials

1 Million+ Bone Marrow
Transplants Worldwide

1 Million+ Participants In
Fred Hutch Studies

ENTERPRISE

5 Scientific Divisions

30 Start Up Companies

Over \$300 million in
Revenue from Research
Grants and Contracts

Creating new BioTool
Platforms and
Partnerships for Health
Metrics Reporting and
Analysis

THANK YOU
