Parking
Patients and their visitors may park in either of  
the South Lake Union clinics’ underground  
parking garages.

- **Valet parking is required in Building 2**, which  
  has an automated parking structure that uses a  
  mechanical system to stack vehicles vertically to  
  limit space. This means that no people or animals  
  will be able to remain inside your car if you’re  
  using the Building 2 garage.

- **Costs**: The parking fee is a flat $4 fee for Building 2  
  and $1 an hour in Building 1, up to a maximum  
  of $4.

- **Considerations**: Parking in the Building 1 garage  
  is free on weekends and holidays. Parking is not  
  available in Building 2 on weekends and holidays.  
  There is limited paid street parking. Please allow  
  extra time to get to your appointment to allow for  
  any construction and traffic delays.
