

Leaders in Women's Health

Expanding Breast Health Access in Pierce County
Community-led. Culturally rooted. Focused on early detection.

Program Goals

- Increase number of African American and other women of color breast screening by 150 each year
- Create additional partnership to increase opportunities for breast screening
- Introduce 2 new BHN to cover a greater geographic area

SCREENING MAMMOGRAM EVENTS

SCREENING MAMMOGRAMS ARE AVAILABLE FOR WOMEN 40-74 YEARS OF AGE, WHO MAY BE UNINSURED OR MEDICALLY UNDERSERVED. INSURANCE WILL BE BILLED; NO OUT OF POCKET EXPENSE. WALK-INS WILL NOT BE ACCEPTED.

NO DOCTOR REFERRAL IS NECESSARY FOR A SCREENING MAMMOGRAM.

Breast Health Navigators

Trained Community Health Workers (CHW) who help schedule women for mammograms while in community (Health Fairs, Community Events). They also help women resolve any barriers to attending their appointments (i.e., health insurance, transportation, co-pays etc.)
